Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Monday 02 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry start with bright spells followed by heavy afternoon showers.

Today:
Mostly dry to start, with some bright spells. Scattered showers across the region throughout the afternoon, with some becoming heavy, and isolated thunder likely. Feeling a little cooler for this time of the year. Maximum temperature 20 deg C (68 deg F).

Tonight:
The heaviest daytime showers ease into the evening, however showery outbreaks may persist in eastern areas. A mostly cloudy and cool night. Minimum temperature 12 deg C (54 deg F).

Tuesday:
A dry start for most on Tuesday, with some rain affecting the southwest coast. Scattered showers are expected through the afternoon, possibly heavy in places. However, staying dry for most. Maximum temperature 20 deg C (68 deg F).

Outlook for Wednesday to Friday:
Fine start to Wednesday and Thursday with some outbreaks of showers through the day, occasionally heavy, easing by the evening. Lighter showers on Friday with sunny intervals and light winds.
